

DEPARTMENT OF HINDI

PROGRAM OUTCOME

Hindi language reflects the Indian thought and culture, India is a country full of opposites – culture, civilization, customs and traditions. All this diversity is tied in one thread and that is our national language Hindi. If we from different provinces write in Hindi, it is reflected to all the nation. Hindi literature is moving forward with its dignity.

The curriculum was created with the objective to show the important role of literature in making an ideal citizen, promoting the development of speech skills, providing employment opportunities in the business sector.

Literature has always been associated with humans, there are employment opportunities in Hindi and our knowledgeable students can get employment, they can become self-sufficient by enriching their language, and also the students can develop their culture, national consciousness and become an ideal citizen. The creation of the curriculum can also be seen in the development of the language skills of the student and personality development.
