Matoshri Shantabai Gote Arts, Commerce & Science College Washim

Institutional Distinctiveness

Prabhu Shri Ramchandra ShikshanPrasarak Mandal's (Tondgaon) Matoshri Shantabai Gote Arts, Commerce & Science College Washim was established by Late Principal Shri Shankarao Gote in 2000-2001. Keeping in view the minority backward classes he decided to open a college for Washim district students who were also economically backward. He first started the Arts faculty in 2000-2001 and later Commerce & B.C.A in 2003-2004. The students of Washim district had to move to other places for higher education which was impossible for economically backward classes. The establishment of Gote College paved the way for the students for higher education in their city only. Now the students obtained education in their city only. Now in 2009-2010 the college started the Science Faculty (B.Sc). The college has provided computer facility along with internet to the students. These students of Villages are also able to handle computers without any cost. The College had NSS unit of 100 students in 2007-2008, now in 2010-2011 the unit has increased to 150 students. Presently it is a unit of 150 students. The College guides students for Competitive exams. It also organizes personality development programmes for overall development of the students. It also organizes Career and Counseling centre for economically backward classes as well as for all students.

The District Washim though backward is now emerging to a trend of urban city, in this era the fast growth is in the field of Infrastructure and construction, which requires a good amount of skilled manpower So to bridge this gap the course of Building Technology can create a large amount of employment for the unemployed hence the need for the course. Washim is a developing but backward district in Vidharbha region of Maharashtra. The Health sector will be flourishing as many new hospitals have been built now. This will generate occupation for many students. The Automotive sector will also flourish as this is the age of automobiles and many boy students are interested in

it. This will generate jobs to them. Likewise in the Beauty and Wellness course, this course will generate jobs for the girl student's .Such kind of vocational courses will surely generate job vacancies and job opportunities for the students. With this motive the college introduced B.Voc courses in Automotive & Health Care in 2018 .Also it started Community college course in Beauty & Wellness .

Likewise for the community also the college performed various programmes wherein it received Swach Bharat Award .The college started the work regarding the survey of Unnat Bahrat Abhiyan in 2018 and is still continuing its work through NSS department .The College received Color Coat in sports .The students bring laurels in all fields .

The college also organizes guest lecture by inviting people from various fields to guide the students. The college works for the upliftment of students in various fields such as sports competition , essay competition and cultural programmes .The college has started Spoken English course for students to develop overall development. The College organizes programmes for Women Empowerment. Programmes resulted to health and Education are conducted. The college organizes Parents' meeting every year, so that Parents can share their problems and expectation from the college related to their wards. The College organizes annual cultural programmes consisting of various competition and various activities. Due to this the college participates in various government organized socialfunctions such as AIDS Rally, Blood Donation Camp, Eye Donation Camp, Constitution Rally etc. The college awards various prizes such as Late .Shri Shankarrao Gote ideal student award, Matoshri Shantabai Gote ideal student award, Late Principal Shankarao Gote inspiration award and Late Principal Shankarrao Gote ideal teacher award. Among all the students 80% of the students are from SC, ST, VJNT,& OBC classes.

Our college imparts education only for U.G. student in Arts, Commerce and Science streams now days the students of Arts Faculty cannot get better placements.

Because of conventional subjects, students are unable to seek an employment opportunities. To bridge the gap between unemployment the college organizes Campus Employment. In the age of computers Software Development has become the need of the hour so this kind of course can bridge the gap for unemployment .So the College wishes to run the programme of Information Technology to bridge the gap between the unemployed students.
